Dear Sir:

Applicants submit herewith a corrected translation of the specification for U.S. national stage of international application number PCT/JP2004/012779. The national stage application papers were filed on April 22, 2005. After filing, Applicants noted inadvertent errors in the translation as follows: on page 2, line 3, the term "peak" should be changed to "pole;" and on page 2, lines 3 and 14, and page 3, lines 4 and 8, the term "null" should be changed to "zero." The enclosed corrected translation makes the aforementioned corrections.

Please substitute the corrected translation in place of the translated specification filed on April 22, 2005 in the subject application.

Dated: April 29, 2005

Respectfully submitted,

By
